## NEGRO WHO SET TRAPGUN HIRES NOTED LAWYER

Say Storekeeper Retains John Lee to Defend Him in Murder Case in Danville.

[Special to The Times-Dispatch.] DANVILLE, VA., June 19.—Word received here last night from Lynchburg to the effect that John B. Pierce, negro storekeeper, who set a spring gun which killed Police Officer J. P. Jones when he examined the door early last Tuesday morning, had retained one of the foremost criminal lawyers of the State to defend him. The lawyer, who is named John Lee, is better known as "Jack" Lee, is to defend Pierce when he is brought before the bar, and he has given strict instructions to the Hill City jailer to admit no person to his client's cell. Even the accused's sister was denied admittance on Friday.

Reports that negroes have raised a fund here to defend the mother of their race are without qualification and so far as can be learned are not true. One negro acquainted with Pierce since he came here from New York about eight years ago says that the man is not a "bad negro" in the general sense of the word, but that he was eccentric with admittedly advanced views on racial questions. This man declared that Pierce had accumulated a good deal of money and that he would be able personally to retain an attorney whose fee would probably be paid beyond the reach of the pocketbook of the average negro.

As matters stand at present, Pierce will not be brought back to Danville until he is indicted. The grand jury will meet on July 3. The proportions of a big legal battle are already seen, and he case promises to be one of the most eagerly followed of any criminal case in the history of recent years. Legal minds endeavored to discard all but the cold facts taken in consideration with the actual facts of the murder as thus far revealed, profess to see a keen point of law hinging on the right of a property owner to protect his property, and the misuse of that right in setting such a baited death trap that an innocent man or woman entering the store would have met the same fate that a criminal bent on robbery would have met. The police admit that they have not yet shown all of their cards and that supplementary evidence to that presented at the inquest when only the method of the policeman's death was inquired into, will be in readiness when the negro is called to the bar.

## JITNEUR WINNER'S ALLEGED ASSAILANTS ARE SENT ON

[Special to The Times-Dispatch.]

PETERSBURG, June 19.—Privates Trimyer and Lane, Camp Lee soldiers charged with assaulting R. A. Winner, one-armed jitneur, will be tried at the next term of the Dinwiddie Circuit Court, which convenes Monday morning. Both waived preliminary examination when brought before Magistrate Richie yesterday afternoon. Lane, who was not present at the hearing, is confined at Camp Lee, while Trimyer is locked up in the county jail, having been brought back from Richmond, where he was arrested on charges of theft of an automobile from Lankley Field, yesterday.

Adkins Johnson, the negro who confessed he was the one who engaged Special Agent Angle, of the Coast Line, in a fight on top of a freight train Monday night, also waived preliminary examination. He, too, is held in the county jail for a trial at Dinwiddie Courthouse some time this week.

## POLICE SEEK MISSING ALBEMARLE COUNTY GIRL

CHARLOTTESVILLE, VA., June 19.—The police of nearby cities have been asked to look out for Miss Nellie Masters, of this county, who disappeared on Wednesday of last week while on a visit here with her mother. The young lady failed to meet her mother at noon of that day, as planned, and a thorough search failed to reveal any trace of her whereabouts.

Miss DeMasters is the youngest daughter of Charles DeMasters, a farmer, residing between Earlyville and Rivanna, and is 18 years of age. She is of the brunette type and small of stature. She has two brothers, one of whom resides in Richmond and the other in Alexandria.

## Will Build New Reservoir.

DANVILLE, VA., June 19.—The Town Council of Stuart, Va., has decided to build a new concrete reservoir without delay following the discovery of polluted water in the basin to which has been ascribed an outbreak of dysentery. The new basin will be built with a dividing partition which will enable one-half of the reservoir to be cleaned without affecting the water supply. Stuart pays little for its water and has no coal or pumping bill, as the reservoir is filled from two large springs of water, which together produce 8,000 gallons every twenty-four hours, or enough for a town twice the size.

## Watch Aviator Race From Electrical Storm

[Special to The Times-Dispatch.]

WINCHESTER, VA., June 19.—Watching an aviator race away from an approaching electrical storm was the thrilling diversion of hundreds here late yesterday just before a terrific storm broke. To all appearances the birdman won. He is thought to have been one of the mail pilots on the Dayton-Washington air route, and indications were that he was clipping off the miles at the rate of at least 50 per hour.

The machine hardly had disappeared in the east before the storm broke in the west with brilliant flashes of "forked" lightning, deafening claps of thunder and a torrent of rain. The storm was quite similar to the one several weeks ago that forced "Kddie" Kieckler to land in West Virginia while completing his transcontinental flight to Washington.

Jones, slain on Tuesday morning, is now more than \$1,500. The benefit baseball game netted over \$700, and subscriptions are still coming in.

## Dunkards to Build Church.

LYNCHBURG, VA., June 19.—Elder I. N. H. Boehm, of Nokesville, this State, has perfected the organization of the church of the Brethren (Dunkards) here, with a membership of about twenty. The church here will become a mission and steps are being taken to secure a church building immediately.

Miss Lurew Wins Professorship. LYNCHBURG, VA., June 19.—Miss Gille A. Lurew, for several years associate professor of mathematics at Randolph-Macon Woman's College, has been elected to a full professorship in that department. She is a graduate of that college and is the first alumna to attain to a full professorship there.

## ASK GREATER PENALTY FOR VIOLATORS OF MAPP ACT

[Special to The Times-Dispatch.]

FREDERICKSBURG, VA., June 19.—The State Supreme Court of Appeals has handed down a decision in the case of John Doyle, infant, against A. H. Judy and L. Keckler, tried in the Corporation Court of this city, in which the jury gave a verdict of \$7,540 against Judy and Keckler for injury done to young Doyle by the cutting of his arm on mower blades projecting out from Judy and Keckler's automobile truck while parked on Main Street in Fredericksburg, in which the verdict was affirmed.

## SUFFOLK CHICKEN HAS 3 WINGS AND 4 LEGS

[Special to The Times-Dispatch.]

SUFFOLK, VA., June 19.—Three wings and four legs on one little chicken is a freak to be seen on the dairy farm of John A. Johnson, about two miles from Suffolk. The chick, one of many little Plymouth Rocks hatched out about a week ago, has three well-developed wings, one on each side and one on top, and four legs. Two of the legs the chick runs around on, and the other two dangle on each side.

## Mourn Death of John C. Lee.

WINCHESTER, VA., June 19.—Immense crowds of people gathered yesterday afternoon at Memorial Episcopal Church, White Post, for the funeral of John C. Lee, wealthy Clarke County stockman, farmer and legislative candidate, who was run down and killed by a Norfolk and Western Railway express train Friday morning. He was one of the most generally liked men of that section.

## Wilson's Old Room at U. of Va. Was Birthplace of Pi Kappa Alpha Frat

CHARLOTTESVILLE, VA., June 19.—In reply to a query of Woodrow Wilson regarding his old room at the University of Virginia, the one he occupied as a student, it has developed that the old room heretofore regarded as the "Wilson Room," No. 23, West Range, is not the correct one. A search of the records in the burar's office shows that the room occupied by him is the room in which the Pi Kappa Alpha fraternity was founded, No. 31, West Range. This room was offered as a perpetual scholarship to the visitors last year by the Pi Kappa fraternity, and was accepted by that body, the first scholarship holder to occupy it being Winston Atterberry, of Crowley, La. Mr. J. Bolling Jones has been awarded the scholarship for the summer quarter this year.

The Pi Kappa Alpha fraternity placed a handsome bronze plate on the wall just to the left of the door commemorating its founding and giving the names of its founders. While the hoodoo number, 13, still attaches to the memory of Poe, who occupied that number, the other hoodoo number, 23, has thus been removed from this connection with Mr. Wilson's name.

tion, and scores of men are said to have wept like children at the funeral rites. Mr. Lee's death occurred only a few days after the ex-

## Worried With a Bad Back?

Is a dull, constant backache spoiling your summer? Do sharp pains stab you at every sudden move? Are you so tired and downhearted it seems you just can't keep going? Don't be discouraged! You wouldn't feel so badly without a cause; and more than likely

the cause is weak kidneys. Not any organic kidney trouble, perhaps, but a slowing up of the kidneys and the resulting accumulation of poisons that well kidneys would have filtered off. Is it any wonder, then, you feel so run down, nervous and depressed? That you are subject to frequent headaches, dizzy spells and annoying bladder irregularities? Then, why not give the weakened kidneys the help they need? Why wait for some serious kidney trouble? Use Doan's Kidney Pills. Doan's have helped thousands. They should help you. Ask your neighbor!

## Read How These Richmond Folks found Relief:

MRS. J. T. JONES, 1417 N. 20th St., says: "My back was in such a poor condition that I could hardly straighten up. If I did any heavy lifting the pains were very severe in the small of my back and to stoop over was nearly impossible. I was all run down and felt miserable all over. I was nervous and had terrible spells. My kidneys didn't net right and had me feeling badly. Doan's Kidney Pills were recommended and I bought some. They proved their worth in a short time, driving all the trouble away. I have been feeling fine ever since."

J. W. RYAN, carpenter, 1216 N. 21st St., says: "Doan's Kidney Pills are an 'all right' kidney medicine, and I recommend them to all those suffering with kidney complaint. My kidneys felt heavy and caused me a lot of trouble. There was a soreness in my back and I could hardly stoop over to work. Every time I did the least work sharp pains would nearly double me up. My kidneys were in a sluggish condition and the secretions were filled with sediment. I was in a bad condition. Doan's Kidney Pills took the aches and pains away and fixed me up in A-1 shape."

MRS. H. G. GARNER, 3131 Beverly St., says: "It seemed as though a knife were cutting me across the small of my back. Dizziness would come over me and I would have to catch hold of something to keep from falling. My kidneys acted irregularly and specks blurred my sight. I heard what Doan's Kidney Pills had done for others, so I bought a box. After taking them the pains in my back left. The dizzy spells haven't returned and my kidneys act regularly; in fact, I was cured of all kidney complaint."

**Planning to Build?**

Then decide to have ARCOLA heat.

A complete hot water heating plant may now be had for little money. Whatever you do to keep down the costs of building do not spoil your home by a "penny wise pound foolish" decision to skimp on the heating. You can have ARCOLA heat, the best kind, no matter how small or how modest your home is.

**Reduced in Size and Cost**

ARCOLA Hot Water Heating Outfits are designed especially for the small home, store, office or shop, with or without a cellar. They are made on the same principle and with the same guarantee as our IDEAL Heating Plants for large residences. The only difference is in the smaller size and lower cost of the Outfit.

**You Buy No More Than You Need**

There are many sizes of ARCOLA Heating Outfits made to fit any combination of rooms. There is no waste heating. This careful fitting of the plant to the house saves costly coal and eliminates the labor and drudgery of attending to many fires. One fire heats the whole house. The Outfit lasts for generations.

**Fuel Savings Pay for Outfit**

Thousands of owners tell us that their ARCOLAS heat ALL rooms with actually less fuel than was burned previously by one or two stoves to heat only a part of their homes. The heat is controlled with remarkable ease. The fire lasts from eight to ten hours without attention. Burns coal, coke, wood, gas or oil.
